

Name:

Period:

Thu, Jan 8 (Pd 6) / Fri, Jan 9 (Pd 1, 4)

Warmup

Today, we are going to be dropping an egg over the side of the balcony in the hall. Make a list of as many *measurements* as you can think of that might change the force that acts on the egg. (*Examples:* drop height, mass, etc). You should have at least five, but see how many you can come up with.
