

Name:

Period:

Fri, Jan 30 (Pd 4)

Warmup

Think about the stair lab you did yesterday and write a few sentences that answer the following questions:

1. While climbing the stairs...
 - (a) ...did you do more work if you were going fast or slow?
 - (b) ...did you output more power if you were going fast or slow?
2. While climbing at a constant speed...
 - (a) ...did you do more work if you climbed the short stairs or tall stairs?
 - (b) ...did you output more power if you climbed the short stairs or tall stairs?
