

Name:

Period:

Tue, Apr 14 (Pd 1, 6) / Wed, Apr 15 (Pd 4)

Warmup

The purpose of this warmup is to make sure that we are confident calculating period and frequency. Make sure to include units!

1. In order to capture video, a video camera takes 32 pictures per second.
 - (a) What is the period?

- (b) What is the frequency with which the camera takes pictures?

2. A flautist in the marching band makes 120 steps in one minute (60 seconds).

- (a) What is the period of the flautist's steps?

- (b) What is the frequency?
