

Name:

Period:

Mon, Apr 27

Warmup

1. On Friday, you watched the *Breakstep Bridge* Mythbusters. What did this myth have to do with *resonance*?
2. When talking about the *Doppler Effect*, what happens to the frequency of an object that is moving toward or away from an observer?
3. What is a real-life example of *Doppler Effect* that we have either talked about or that you have experienced?
